

Route description to CLM, Gutenbergweg 1, Culemborg

By public transport and walking or cycling 1,7 km., (appr. 20 or 10 minutes)

- Take the train (sprinter) in the direction of Geldermalsen/Tiel or Breda (from Utrecht CS, appr. 15 minutes).
- Leave the train at the stop Culemborg.
- Leave the station at the west side (**not** the main entrance).
If you travelled from Utrecht, the train stops at the same side CLM is situated. In this case you leave the station from the platform (so do not walk to the tunnel underneath the station).
If you travelled from 's Hertogenbosch, you do have to walk underneath the station: take the stairs down to the tunnel, take a left turn, take the stairs up to the platform).
- There's no suitable bus connection available. An alternative for walking is renting an (public transport) bicycle, at the bicycle renting place, on the right side next to the main entrance of the station.
- After leaving the platform, take a right turn down hill. This is the Parallelweg West. Walk in the direction of the DIY-store called Gamma.
- Walk on, passing the Gamma at your left hand side.
- Take a left turn. This is the Anthony van Diemenstraat. Keep on walking, straight ahead.
- On the corner with the garage called Renault, cross the Erasmusweg, to the Gutenbergweg.
- Our office building is located at the beginning of the Gutenbergweg, number 1, on your right hand side.
CLM is situated on the first floor.
